ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: A METHOD FOR DETERMINING FIELD RADIATION LEVELS FOR A RADIATING DEVICE

(57) Abstract: A method for determining field radiation levels for a radiating device comprising determining far field radiation characteristics of a radiating device, providing a model of the radiating device, which model approximates the determined far field radiation characteristics and determining a near field radiation characteristic from the model for at least one point in space.
